

Lets ~~not~~ talk about a gender

GENDER-NEUTRAL LANGUAGE GUIDELINES

Gender-neutral language is a generic term covering the use of non-sexist language, inclusive language or gender-fair language. The purpose of gender-neutral language is to avoid word choices which may be interpreted as biased, discriminatory or demeaning by implying that one sex or social gender is the norm. Using gender-fair and inclusive language also helps reduce gender stereotyping, promotes social change and contributes to achieving gender equality.

Based on the gender-neutral language guidelines of the European Parliament. For more information on gender neutral language click [here](#)
